

PETE TURNEY SPEAKS

Tennessee's Governor Issues a Stirring Proclamation to the People.

LAW MUST BE OBSERVED BY ALL
Lynchers Will Surely Be Punished

THE PURSUIT WILL BE RIGOROUS

The State Has Been Disgraced and Humiliated—As Soon as Safe the Troops Will Be Withdrawn.

Nashville, Tenn., August 21.—(Special.) Governor Peter Turney today issued a proclamation addressed to the people of

Tennessee concerning the recent assassination of a soldier named Laugherty, and the subsequent lynching of a miner named Drummond, at Briceville. He says

they were cold blooded murderers and outrages that cannot be passed unnoticed. He says time, expense and labor will not be spared, and the perpetrators

who are guilty of murder in the first degree, will be hanged if the law is enforced. He declares lynching as much murder in law as killing from ambush or for the

sake of robbery. It is as much murder to kill a felon with deliberation and premeditation as to kill in like manner the best citizen in the land. He is using every

means in his reach and power to locate the guilty in both cases referred to, but justice and fairness will be observed and rigidly practiced and equality before the

law will be the unyielding rule. Citizens or soldiers guilty of the crime shall have justice and right administered according to law in the civil courts of the state.

Governor Turney further declares that as soon as the necessary arrangements can be perfected, the soldiers will be removed from the mining camps and be

When this is accomplished citizens and soldiers will be expected to obey the law and a failure to do this will be at their risk.

and hazard. All who participate in any outbreak will be as certainly punished as caught, and the effort to catch will be an unrelenting hunt for culprits. Every

will be shown to none, but impartial justice will be measured to all. In conclusion the governor appeals to all good citizens to assist in forming out and bringing to d

deserved punishment the murderers of Drummond and Laugherty. That troops have been required to be kept at the mines to prevent violations of the law has been a

disgrace to those who brought about the necessity and a humiliation to the state. Evil disposed persons will do well to heed this warning.

AGAINST THE DISPENSARY LAW.

Railroad Employees Can Deliver Liquor to

South Carolina to Consignees.
Greenville, S. C., August 21.—The decision of Judge Simonton, in the United States circuit court, in the habeas corpus

case of Langford, was filed today. Langford is the agent of the Richmond and Danville railroad, at Prosperity, in this state. He was arrested and held under the

twenty-fifth section of the state dispensary law, for delivering to the consignee a keg of whisky shipped from outside of this state. The section referred to forbids

any common carrier to transport or any agent to deliver packages of liquor which have not the official certificate of the state dispenser that they are for use of the state.

dispensary. The railroad company claimed that this section was contrary to the interstate commerce laws and the fourteenth amendment to the constitution of the United States.

Judge Simonton's decision, briefly synopsized, is as follows: "The twenty-fifth section of the discrepancy act makes it a crime

tion of the dispensary act makes it a misdemeanor for a railroad employe to deliver intoxicating liquors from his train, and this without requiring any knowledge on his part that the package contains intoxicating liquors.

sale. In every other instance mentioned in this section, including private carriers and railroad and express companies, knowledge that the intoxicating liquor is intended

ed for sale is expressly required. This is a discrimination against one class of people—railroad employes—and is in conflict with the constitution of this state and so not within its police powers, and therefore

not within its police powers, and, therefore, not within the provisions of the act of congress, known as the 'Wilson act.' This being the case, the clause of the twenty-fifth section of the dispensary act under

which the prisoner was charged and arrested is void under the interstate commerce law and the fourteenth amendments. He must be discharged from custody."

The state will probably appeal to the United States supreme court. The decision will cause the discharge of several railroad agents in various parts of the state who have been arrested as Langford was. The

railroad people claim that it virtually relieves them of restrictions in bringing into the state and delivering liquor.

Knoxville, Tenn., August 21.—(Special.)—Ples Steele, a fireman on the Fountain Head railroad, was instantly killed this afternoon at 3:50 o'clock. He was standing on the dismounting step of

Had Rain Come There Would Have Been
Big Batch of Dough.
Savannah, Ga., August 21.—(Special.)—

The second and third floors of George V. Hecker & Co.'s flour warehouse, on Bay street, went through the first floor into the cellar this morning, carrying down over

1,000 barrels of flour. The overloading of the top floor is given as the cause. When the floors went down the walls bulged and the roof followed the floors. The barrels broke open and the cellar was filled with

a mass of flour, only waiting for the threatened rain to make it one of the greatest batches of dough on record. But as there was no rain much of the flour will be saved. The locals estimated at \$20,000.

because the measure and the yardstick be increased because the price of wheat and calico has gone down as to demand that more silver be put in the silver dollar because the price of silver has depreciated. In effect it would be the same thing. And in reality the increase of silver in the dollar would operate to still further decrease the value of everything that the silver dollar would purchase.

one and the same thing, the enhanced purchasing power of the dollar, and in consequence the more wheat and corn and cotton and cattle it will take to purchase a dollar.

KNOWLEDGE

Brings to personal enjoyment and tends to comfort and improvement, more rightly used. The many who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid principle embodied in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs. is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs., and being well informed, you will not accept any substitute if offered.

THE NEW YORK MARKET.
The day on the floor of the New York Stock Exchange.

NEW YORK, August 21.—The tendency of affairs at the stock exchange today was in the direction of improvement. The only stock which at any time showed an important decline from Saturday's closing was General Electric, which yielded 1/2 point at the start, followed by a quick rise of 1/2 point. The sellers were so badly routed that the instance that they were making any further gains and speculation steadily gained strength under the influence of the Sherman law and the continued arrivals of gold from Europe. The market was side and the purchases of shorts, who when they attempted to cover, found the offerings comparatively abundant, amounting to 4-1/8 in Manhattan, 3-7/8 in District, 3 in Burlington, 2 in Westchester, 2 in West Union and Chicago gas, and 1-1/2 to 2 percent in the remainder of the market. The highest, but speculation left off strong in tone. The market was 100 shares, including 15,000 unfilled. Substantial balances—\$1,570,000. Money on call easy, ranging from 3 to 5; last loan at 4 and 1/2 percent offered at 3. Prime mortgage 6 percent, 8 to 12 percent. Sterling exchange strong, with actual business in bankers' rates at 123 1/2 for 60 days, 124 1/2 for 90 days, 125 1/2 for 120 days, 126 1/2 for 150 days, 127 1/2 for 180 days, 128 1/2 for 210 days, 129 1/2 for 240 days, 130 1/2 for 270 days, 131 1/2 for 300 days, 132 1/2 for 330 days, 133 1/2 for 360 days, 134 1/2 for 390 days, 135 1/2 for 420 days, 136 1/2 for 450 days, 137 1/2 for 480 days, 138 1/2 for 510 days, 139 1/2 for 540 days, 140 1/2 for 570 days, 141 1/2 for 600 days, 142 1/2 for 630 days, 143 1/2 for 660 days, 144 1/2 for 690 days, 145 1/2 for 720 days, 146 1/2 for 750 days, 147 1/2 for 780 days, 148 1/2 for 810 days, 149 1/2 for 840 days, 150 1/2 for 870 days, 151 1/2 for 900 days, 152

TO WORK TODAY.

Many of Those Who Are Idle in Atlanta
Will Be Given Work.

COUNCIL MAKES THE APPROPRIATION

And the Board of Aldermen Concur in It,
While the Mayor Approves the Measure—Street Committee to Meet.

Many of the working men of Atlanta who have been idle for some time past, will go to work this morning for the city.

And from the city treasury they will be paid for the work they do.

Five thousand dollars have been given to that purpose and the bona fide citizen of Atlanta, who is now out of work and wants to work, will find it this morning by calling upon Captain Wylie, the commissioner of public works, at the city hall.

That is the decree of the general council, issued during the session yesterday afternoon, and it was decreed without a dissenting voice and in the presence of quite a large number of working people, who had been informed that Mr. Stockdell would introduce a resolution to that effect. Probably no piece of legislation by the general council ever met with such a warm reception by the legislators as the resolution Mr. Stockdell presented. As the clerk read the resolution the members leaned over their desks as though afraid of losing a word. As the gist of the story came from the clerk's lips a pleasant, happy smile went around the circle. It was just what every one wanted—something to help those who are now out of work.

The resolution reads:

Whereas, There is a great deal of street work that has been piled up by this council, that the commissioner of public works has been unable to do with the limited force of his command;

Whereas, There is a large number of unemployed men who are bona fide residents of Atlanta and who are able and willing to perform this kind of work, therefore, be it resolved, by the mayor and the general council, That the sum of \$5,000, or so much thereof as may be necessary, be and the same is, hereby appropriated, to be paid out of the city treasury, to employ as many new men—bona fide residents of the city—as may be needed to push the work through which has already been passed up by the council.

Resolved further, That the taxpayers who have not yet taken advantage of the discount on preparation of their taxes, be and the same is, hereby ordered, to pay the same to the assistance of the city government and pay their taxes, to the end that the foregoing may be carried out.

"Now I would like to say," said Mr. Stockdell, as the clerk took his seat, "that this resolution is the result of a careful study of the situation. We have all heard talk about people being out of employment and that they were suffering because there was no work to do. In investigating the matter we found that there is quite an army of idle men in the city, but it is not as large as it is represented to be if we are to consider bona fide citizens of Atlanta, and those are the only ones I take it that we are called upon to help. A close canvass of the city will not produce 2,000 men idle who were at work only a few days ago. I mean, of course, bona fide citizens of Atlanta, the people of whom we want to take care in this emergency. But to say nothing about the needs of the people we all know that the city needs the work and should have it done. So if the work is done the city cannot lose anything by it. We want the work done on the streets and the work can be done and at the same time the people who are needing the money the work will bring can be provided for."

The heavy strain now on cannot last much longer and the money which we are now to pay out by this resolution will help to bridge over the stringency of the times. It will give at least more than one-third of the men who are now out of work.

"I think," said Mr. Peters, "that the work is needed and should be done. But couldn't the street commissioner put men to work and consume the appropriation made to the street department, without making this extra appropriation. Then when the appropriation is exhausted we can go on with this extra money, if it is necessary to say that I am in favor of the resolution, but I thought that we could let the people to work on what had been appropriated."

"I do like to inform the gentleman," said Mr. Stockdell, "that the fund to which he refers is about gone and that it wouldn't give."

"Ah, well," replied Mr. Peters, "I did not know that. Had I known it I would not have opened my mouth. As it is I want to say that I am in favor of the appropriation as suggested by the resolution of Mr. Stockdell and shall vote for it with the greatest pleasure."

"I have a substitute which I desire to offer," said Mr. Martin, "and I'd ask the clerk to read it."

The paper was passed up to the clerk's desk and read. It was:

Resolved, That \$4,176 be added to the street appropriation and instruct the street commissioner to employ fifteen men, thirty-six men or more, three foremen, and six day men, and that the same be passed up by the mayor and general council.

"Now that substitute," said Mr. Meador, "will not do. I'm in favor of Mr. Stockdell's resolution and think it is one of the best things I have ever heard of since I came into this body. It provides relief for many who need that relief and it is the best measure possible. The substitute is good, too, but it is not so far reaching as the original paper."

"All of this talk is very nice," said Mr. Boyd, "but I'd like to know where this money is to come from."

"As far as I'm concerned," said Mr. Stockdell, "I'd like for the clerk to read the resolution again. The latter part of it explains that fully."

The last paragraph of the resolution was read again.

"Now," said Mr. Stockdell, "if that fails I'll guarantee to raise the money myself. I know of plenty of the city bill. There will be it and take the city for the bill. There will be no trouble about the money if the general council will adopt my resolution."

"I did not think to compromise the resolution or movement," said Mr. Martin. "My resolution was intended to accomplish the same thing as that of Mr. Stockdell's. Since he has the same effect it will receive my support."

Mr. Stockdell's resolution was then adopted without a dissenting vote and later in the evening the aldermanic board concurred in it, the mayor attached his signature to the paper and within an hour after Mr. Stockdell's resolution had been adopted the general council will adopt the resolution.

"That's pretty quick and pretty good time, but it's the way Atlanta always does."

Buy Only Atlanta Products.

"I have a resolution here somewhat on the same line," said Mr. Peters, "and I'd like the clerk to read it."

Mr. Woodward, the city clerk, received the paper from the hands of the messenger and read it. It was:

Resolved, That the controller in purchasing supplies for the different departments of the city be instructed to buy Atlanta products and to provide prices and quality of the same.

"That's got the right ring to it," said Mr. Boyd.

"And that's what I think," said Mr. Stockdell.

The resolution went through without a dissenting voice.

The West End Annexation.

"I move," said Mr. Peters, "that the general council reconsider the action of the general council at the last meeting relative to its annexation of West End. At the

last meeting of the general council it was decided to leave the question of annexation under the conditions suggested by the joint committee, to a vote of the people. I think the action is reconsidered and the matter is recommended to the same special committee something like a more harmonious agreement could be reached, and for that reason I move a reconsideration."

The motion to reconsider was adopted.

"Now," said Mr. Peters, "I move that the whole matter be sent back to the two special committees, and that this body await a report from those committees."

That motion prevailed and the West End annexation is again under the care of the two committees, one from West End, and the other from Atlanta.

The Question of Atlanta's Lights.

"At the last meeting of the council," an ordinance was adopted annulling both the offices of city electrician and city light inspector. At that time Mr. Stockdell gave notice that he would move for a reconsideration of the action.

"What will Mr. Stockdell do about the matter asked the mayor pro tem."

"My only object," said Mr. Stockdell, "in making the motion or rather in giving notice that I would make the motion, was to allow the board of electrical control to make an examination of applicants for the place."

It simply kept the ordinance from going into effect then and cutting off both officers and leaving the city without any one to attend to that work. I'd like to know what the board has done towards securing a successor."

The councilman was informed that nothing had been done.

"What's not business," said Mr. Stockdell. "The resolution abolishing the offices went into effect the minute it was adopted. And it then left the city without any one watching that interest. I gave the notice of my intention to reconsider simply that the city might have some one to take the lights for two weeks so that the board of electrical control might make the examinations and have some one ready for the place."

"The ordinance adopted at the last meeting provides for an electrician and abolishes both of the offices. Unless that ordinance is repealed the city is without any one to watch that department from now on until an election takes place for an electrician."

Mayor Goodwin sent in a letter acknowledging the receipt of the resignation of W. J. Bagby, inspector of lights. The letter was accompanied by the resignation of Mr. Bagby, and in the letter Mayor Goodwin took occasion to remark that no officer of the city government had been more faithful or efficient than Mr. Bagby.

The resignation was accepted.

An Ordinance Repealed.

Mr. Joel Hurt and others who had secured the adoption of an ordinance paying Elizabeth street asked for the repeal of that ordinance.

Goodwin sent in a letter recommending that the repeal be granted and it was granted.

They Are All Safe.

The city controller, who was instructed at the last meeting of the general council to check up the books of the city clerk, city marshal and other officials, reported that he had done most of the accounts or books in any of the departments he had investigated were out of joint in any way. He, however, asked for no time on the part of the work and the request was granted.

It Is Unsafe.

General Manager Thomas presented the general council with a statement that the bridge on Jones avenue over the West End and Atlantic railroad was unsafe. The paper was referred to the bridge committee.

The balance of appropriations unexpended by the controller's report to be \$110,793.

They Want More Time.

The Lithia Springs Electric Street Railroad Company came before the general council with a petition for an extension of time. The road declared in the paper that it would be impossible for the contractor to whom the work was let to complete the time prescribed in the grant from the city, but asserted that the work would be begun at the earliest possible moment and on this asked for further time.

"I move to extend the time," said Mr. Peters, chairman of the committee. The time was extended as requested in the petition.

They Were All Good.

The finance committee made a favorable report on Mr. Hill's ordinance changing the payment of the city taxes from once a year to twice a year. The report was adopted.

The same committee reported favorably upon the resolution of Mr. Boyd, requiring the listing of the employees, clerks, etc., in the various offices in the city and the pay each receives and the necessity of each to the working of the office. The report was adopted.

Paying Out Interest.

The finance committee handed in a paper from Mr. Atkinson, in which it was shown how the bills of the city had not been paid and claiming interest on the bills. The amount of the interest was \$12.40 and the committee recommended that it be paid. The recommendation was adopted.

We Can't Uniform Them.

City Sexton Clayton wanted the city to appropriate \$35 for the uniforming of the hands at the cemetery. That same uniform has been custom for a long time and Sexton Clayton's petition was only for the purpose of perpetuating a long time custom.

On this matter," said the chairman of the committee, "we have two reports. The majority report is signed by all of the committee except one while the minority report is signed by Mr. Meador."

Mr. Meador then moved the adoption of the minority report but the report was not adopted and then the majority report was accepted by a vote of the body.

The amount of warrants drawn since the last meeting of the council was shown to be \$46,075.27.

New Buildings Going Up.

The fire department committee reported favorably on granting building permits to D. C. Curtis, at 123 1-2 Decatur; Van Stavern, at 123 1-2 Decatur; H. A. Buckner, at 69 Decatur; Eisenman Bros., at 17 and 19 Whitehall; Foster, at 46 Orme street.

The Cyclorama.

Mr. Broyles, chairman of the committee on parks, presented a resolution relative to the removal of the cyclorama to Grant park. The paper read:

Resolved, That Messrs. Gress and Northern be given permission to move the cyclorama, or picture of the battle of Atlanta, to Grant park, and that they be allowed to locate the building under the direction of the park commission, and that they be paid for the same at the rate of \$100 per day, not exceeding 10 cents; that said cyclorama shall at all times be under the control and direction of the park commission.

"The gift," said Mr. Broyles, "is one of the best things the city could own and I hope to see the day come when the city will be able to buy it. I think in which the tax collector shall settle with the controller every day."

City Engineer Clayton was given a leave of absence of two weeks to attend the meeting of the American Waterworks Association which meets in Milwaukee next month.

UNDER CAPTAIN DONALDSON'S CHARGE

The Criminal Branch of the City Court in Full Session Yesterday—The Hazing Exchange Cases Postponed.

The criminal branch of the city court, Judge Van Epps presiding, was in session yesterday.

The only thing to enliven the day's proceedings was a little difference in opinion that appeared to exist between a white prisoner by the name of R. Henning and Solicitor Thomas.

When the judge went to sentence him, Henning put in a plea for himself which was virtually a charge against Superintendent Tom Donaldson, who is in charge of the convicts of Fulton county.

"Your honor," said Henning, "I tell you now, that I would rather be sent to the coal mines for five years than to be sent to Tom Donaldson's charge for six months; I'd rather go to the coal mines."

Judge Van Epps replied by telling Henning that the courtroom was no place to prefer charges and that Donaldson was a public servant and a trusted officer of the county. He also intimated that if there was anything wrong with the management of the convicts it would be investigated on an application to the proper authorities.

"I can say," said Solicitor Thomas, "that the management of the convicts is well kept."

Those Unfortunate Women.

Seven women pleaded guilty to running houses of ill-fame yesterday morning and were fined \$100 each and costs. All of them will be able to pay the fines.

There are still nine of the women to plead guilty.

Postponed Until Wednesday.

The case against Lynch and others for running a racing exchange was postponed until Wednesday. The defendants allege that they are acting on commission for the men and not for the horses.

A number of pleas of guilty were disposed of in short order and several negroes were convicted of larceny from the house.

The receiver of the criminal docket will be pushed during the August term and as many as possible of them disposed of.

Receiver Andy Stewart.

The position of the Clark Hardware Company and J. F. Coolidge asking for the appointment of a receiver for Willingham & Co., the lumber dealers, was granted yesterday by Judge Marshall J. Clarke, and a receiver appointed. The receiver for the receiver alleges that the lumber company has lost heavily for the past several months and is insolvent.

There is also a prayer for injunction to prevent Willingham from interfering with the disposition of the stock by the receiver. Judge Clarke granted the injunction and appointed as receiver Tax Collector Stewart.

Railroad Want To

ATTACH THE RECEIVER FOR CONTEMPT

He Must Show Cause Before Judge Rich-
ard Clark August 29th—Indians Per-
ret Out Blind Tigers.

Receiver T. W. Garrett, of the Atlanta
and Florida road, has been ordered by
Judge Richard Clark to show cause before
him why he should not be attached for
contempt of court.

The order was signed yesterday by Judge
Clark and was the outcome of allegations
to the effect that Receiver Garrett had
ignored the order of the court in regard to
the payment of certain claims to the
amount of something over \$27,000.

On July 11th—last month—a showing
was made to Judge Richard Clark that
exceptions had not been filed to the report
of Auditor W. T. Moyers, that is to a por-
tion of his report, and Judge Clark signed
an order instructing Receiver Garrett to
pay the findings of the auditor as set forth
in the bill he signed.

The liens referred to were all declared
superior to that of the bondholders. Among
them were that of E. W. Marsh, \$2,443;
Houston county, for taxes, about \$164;
Fayette county, about \$1,188; Monroe
county, about \$404; Clayton county, about
\$322; Fulton county, about \$320; Upson
county, about \$806; Crawford county, about
\$2,562; Spalding county, about \$569; Pike
county, about \$940; Fort Valley, about
\$740; Fayetteville, \$47.45, with interest;
Zebulon, \$16.64 and interest.

Then there follows a lot of liens held
by individuals, for rights of way and such.
The total amount of the liens to which no
exceptions were filed is about
\$27,000, and possibly more. Just what the
claim between the receiver and Judge
Clark can mean it is hard to tell. The
petition filed with Judge Clark yesterday
alleges that Receiver Garrett had in his
possession at the time the first order was
taken not less than \$75,000. It is further
alleged that he has that amount now, and
is in contempt of court for not paying it
out as ordered to do by the court.

It is the petition of Clayton and Forsyth
counties, Ben Chapman and others, who
claim that the receiver now has in his
possession \$75,000 arising from the sale of
the Atlanta and Florida property. The
petitioners aver that Receiver Garrett was
ordered by the court to pay the money with
the order but refused to pay the money
and still refuses to do so.

Judge Clark ordered the receiver to show
cause before him on the 29th of this
month why he should not be attached for
contempt of court. The attorneys filing the
petition of Ben Chapman and others were
Kosser & Carter, Messrs. Sibley & Roan
and others.

Calling on the Local Authorities.
An officer of Fort McPherson called on
Sheriff Barnes yesterday and unfolded a
sneak tale of woe.

It was a story going to show that blind
tigers and Indians make a bad mixture—
a dangerous combination, in fact.
Sheriff Barnes' visitor told him that there
were a number of blind tigers in full
blast round Fort McPherson and that the
Indians soon became acquainted with the
whereabouts of the dispensaries. Pay day
is near and the officer stated that it was
impossible to do anything with the Indians
after they got drunk. Already, only a few
nights ago, three Indians tanked up and
tried to scalp the sentinel, who was a
white man.

Sheriff Barnes will take immediate steps
to put down the "tigers," and if any of the
proprietors are caught it will go hard with
them. They will have to answer to two
charges; one the charge of selling whisky
without a license and the other of selling
intoxicating beverages to an Indian.

This last is an offense against the laws
of the United States.

There are but few people in Atlanta and
surrounding country who do not know Mr.
L. W. Scoville, former manager of the
Kimball house of this city. Mr. Scoville
in the beginning of the world's fair was
manager of the Hotel "Meteca" in Chicago.
These people so we are informed treated
Mr. Scoville badly, and as he is a gentleman
who will not submit to mistreatment he at
once accepted the management of the
"Rosemont." The "Rosemont" is a mar-
vellous hotel situated on Wabash avenue
near Eighteenth street. The proprietors of
this house, Messrs. Hawk and Lee, are
also proprietors of the "Victoria," which
hotel stands without a peer in Chicago.
That Mr. Scoville has friends by the score
no one will doubt, since he is getting a very
large part of the patronage of the Atlanta
people, as well as a very large share
of the people from all over Georgia. It is
needless to say that we recommend the
"Rosemont" to every one going to Chicago.

ACCIDENT INSURANCE.

The Employers' Liability Assurance
Corporation, Lt., of London, Eng.

ENDICOTT & MACOMBER, U.S. Managers and Attorneys, Boston, Mass.

CLARENCE ANGLIER, General Agent, 23 1/2 Whitehall Street, Atlanta, Ga.

This is the leading company in the United States for granting LIBERAL ACCI-
DENT POLICIES.

The strongest Stock Accident Company in the world; cash assets in the United
States, over ONE MILLION DOLLARS.

Lowest Premiums and Largest Benefits of any company. No medical examina-
tion. The company has just issued a NEW policy which combines every attractive
and desirable feature, among which may be mentioned that it pays for 52 weeks
to policy holder who is wholly disabled, covers intentional injuries committed by
burglars or highway robbers, allows travel in all parts of the civilized world; also
covers getting on and off moving horse, electric or cable cars.

Every policy contains the following benefits for injuries or death, based on a
\$10,000 policy, to Professional, Mercantile and Business Men, the cost of which is
only \$40 per annum. Limit of policy issued is \$20,000; cost, \$80 per year:

\$10,000 at death.
\$10,000 for loss of two limbs.
\$10,000 for loss of both eyes.
\$5,000 for loss of one limb.
\$500 per week.

Every prudent man should carry an Accident Policy to MAKE GOOD THE
LOSS he or his family are BOUND TO EXPERIENCE by his ENFORCED AB-
SENCE FROM BUSINESS, or by LOSS OF SIGHT, OR LIMB OR LIFE, BY
ACCIDENT.

Accidents Happen to One in Seven.—[Vide Statistics.]

ACCIDENT INSURANCE.

IS AS IMPORTANT AS LIFE INSURANCE, to which it is an admirable supple-
ment. Equitable, Prompt and Positive Payments of all just claims.

PROPOSALS.

Office Board of Commissioners of Roads
and Revenues, Macon County, Georgia.
Oglethorpe, Ga., August 1, 1893.

Sealed bids will be received at this office
up to 12 o'clock noon on Tuesday, October
3, 1893, for the erection and completion of
the Macon county new courthouse, to be
situated at Oglethorpe, Ga. Plans and
specifications will be on file at this office
and the office of the architects, W. Cham-
berlain & Co., No. 510 Prince street, Knox-
ville, Tenn., on and after September 1,
1893.

The building is to be built of brick, two
stories high, with stone trimming, slate
roof, center tower and fire proof record
rooms.

The successful bidder will be required to
give bond in a sum double the amount of
the proposed contract, for the faithful per-
formance of his contract. The board re-
serves the right to reject any or all bids
that do not conform to the above or that
are not deemed advantageous to the
county.

The payments to be made one-half cash
per month, of the work done and material
used, to be judged by the architects, and
the other half, when work is completed.
